NAUTICAL INFORMATION

In the morning, we will approach the dredged channel, about one nautical mile long, which will lead us to dock at Ocean Cay. Ocean Cay is an island in the Bahamas located in the Bimini district, 20 miles south of Bimini itself. The Bahamas is an archipelago of approximately 700 islands and cays in the western Atlantic Ocean, with only 30 to 40 islands inhabited. In the evening, we will undock and begin our navigation through the Florida Straits toward the American coast, heading to our final destination: Miami.

MSC CRUISES DAILY PROGRAM

WELCOME TO OCEAN CAY

Welcome to Ocean Cay MSC Marine Reserve, MSC Cruises' private island in The Bahamas.

From the morning arrival until departure, you'll have plenty of time today to soak up the spirit of The Bahamas and discover what makes this Island so special.

When we started work on Ocean Cay in 2016, it was an abandoned industrial sand excavation site and the surrounding ecosystem had suffered. After years of work, this stunning tropical destination forms the heart of a flourishing 64-square-mile marine reserve.

During your time on the island, please pardon our progress while we make Ocean Cay even better. You'll find various projects underway as you explore today, including a second food hall, more bars, additional excursion centers, more family-friendly offerings, and our new Marine Conservation Center.

We have added more transportation and bars for your convenience while we make these necessary updates to the island. We're doing our best to minimize disruptions - for you and the marine life that call Ocean Cay home.

Once again, welcome to Ocean Cay. We're excited to have you join us on this incredible journey towards creating a one-of-a-kind sustainable destination.

Please note that smoking (including e-cigarettes) is not permitted on the island beaches. Smoking is only allowed in designated areas around the bars.

GOOD TO KNOW

PLEASE DO NOT REMOVE

Sea Shells, Conch Shells, Rocks and other natural materials on the beaches and in the waters of Ocean Cay play an important role in ecosystem of the marine reserve. Please do not bring any of these items back onboard with you. If found in your possession, these items will be confiscated and returned to their natural habitat.
